Dear Ms Wilson

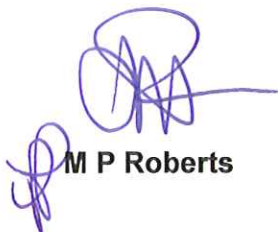

University of Oxford
Oxford Core Strategy
Procedural Meeting 9th February 2010

I refer to my previous correspondence on behalf of the University of Oxford with regard to the Consent Order being considered by GOSE in relation to the legal challenges to the South East Plan. I indicated in my letter early in January that it was possible that a Consent Order may have been agreed by this point. Unfortunately, whilst progress is being made, the final terms of the order have not yet been agreed.

Given that the University will be a party to the final order and accordingly would not be able to comment on the terms of the current draft order at the procedural meeting, the University has decided it would be inappropriate for the University to attend the meeting. It would be frustrating for others if the University was asked to indicate the latest position but was unable to do so.

I trust you will be able to advise the Inspection of the position.

Yours sincerely

M P Roberts
