Dear Sir/Madam,

Enclosed is a background note from the inspectors with an agenda for the hearing sessions.

Note that the list of participants has been updated and that the order of the agenda has been slightly amended to avoid duplication.

No timings have been given to each item in the agenda, due to the inter-relationship between various issues, but if participants cannot attend the whole period of the hearings, the inspectors will do their best to hear points made by those parties when they are present.

No further statements are necessary for the hearings, and participants can rely on their earlier representations to the Council's Further Proposed Changes and statements on the revocation of the South-East Plan RSS already submitted. All relevant documents and statements are available on the Council's web site.

Transport issues arising from the Further Proposed Changes to the Core Strategy and the revocation of the SEPRSS are likely to be discussed on Wednesday afternoon when the Highways Agency will be present.

Yours faithfully

Helen Wilson
