Question 10.

Reason for SUPPORT or OBJECTION:

Please give details to explain why you support or object to the wording of the Modification(s) or part(s) of the Sustainability Appraisal of the Main Modifications.

You must provide an answer to this question.

The loss of this site is contrary to the aims and policies of the Headington Neighbourhood Plan. The site protection afforded under the Neighbourhood Plan Policy GSP1 Conserving and Enhancing Public Access Green Space has been removed. This policy seeks to enhance the quality of life for local people.

As it does not specify a minimum area of retained green space the modification will be ineffective and may result in the loss of further green space than is necessary for the delivery of the proposed new policy. It is, therefore, essential that the proposed modification does not, by being imprecise, further weaken the Neighbourhood Plan policy through loss of more than the absolute minimum of public access green space. The proposed modification should state clearly the minimum area of green space to be retained as public access green space. The loss of green space should be kept to the absolute minimum.

Question 11.

Summary of Representation:

If your reason for support or objection is longer than 100 words, please summarise the main issues raised.

The proposed modification contravenes the Headington Neighbourhood Plan and may result in the loss of more public access green space than is necessary.
