- Not justified - i.e. there is no evidence to justify the modification

Question 10.

Reason for SUPPORT or OBJECTION:

Please give details to explain why you support or object to the wording of the Modification(s) or part(s) of the Sustainability Appraisal of the Main Modifications.

You must provide an answer to this question.

If 11 dwellings were erected on this site, it would severely damage the concept of the Headington Hill Conservation Area and set a dangerous precedent for even more development and I therefore object. The area is characterised by dwellings set back from the roads with gardens to retain the verdant nature of the area. Previous development proposals for Nursing homes on this site have already been turned down by the East Area Planning Committee, who should also consider the current proposal for 3 dwellings on the site (rather than the existing one).

Question 11.

Summary of Representation:

If your reason for support or objection is longer than 100 words, please summarise the main issues raised.
