The Examination Inspectors are required to consider whether the Local Plans have been properly prepared against tests set out in the Government's National Planning Policy Framework (paragraph 182). Please tick any which apply:

Not positively prepared - i.e. the strategy will not meet development needs

Not justified - i.e. there is no evidence to justify the modification

Not effective - i.e. it won't work

Not consistent with national policy - i.e. does not comply with the law

## Question 10.

### Reason for SUPPORT or OBJECTION:

Please give details to explain why you support or object to the wording of the Modification(s) or part(s) of the Sustainability Appraisal of the Main Modifications.

You must provide an answer to this question.

A large part of Park Farm field is on flood plain Zone 3. Given the recent history of flooding around Britain linked to climate change, it makes no sense to build in a Zone 3 area. This last year, Marston Meadows and University Parks have flooded three times - making the cycle path impassable.

The proposed site is also beside an OCWS and New Marston Meadows - part of which is also an SSSI. How can this plan be justified alongside the Council's own environmental policy?

## Question 11.

### Summary of Representation:

If your reason for support or objection is longer than 100 words, please summarise the main issues raised.
