

OLP2040 Site assessment proforma (including Sustainability Appraisal)

Site name	Westlands Drive	Site location plan
HELAA reference and OLP2036 Policy (if applicable)	602	
Ward	Headington Hill and Northway	
Site size	0.34ha	
Existing use	Green open space.	

Stage 1 assessment – are there any clear conflicts with national planning policy and/or any insurmountable environmental or physical constraints?

Assessment criteria	Outcome	Comments
Is the site an SAC or SSSI?	No	
Is the site greenfield in flood zone 3b?	No	
Is the site area less than 0.25ha?	No	
Is the site already at an advanced stage in the planning process (development commenced)?	No	Site has had pre app.
Stage 1 conclusion		
No clear conflicts with national policy or insurmountable environmental or physical constraints. Continue to stage 2 assessment.		

Stage 2 assessment – Qualitative assessment of deliverability (incorporating Sustainability Appraisal)

SA Objective 1: To achieve the city's ambition to reach net zero carbon emissions by 2040. See SA Objective 8 for decision-making criteria

SA Objective	SA Objective 2: To build resilience to climate change, including reducing risks from overheating, flooding and the resulting detriment to well-being, the economy and the environment.	
Decision-making criteria	Is the use proposed suitable given the flood zone of the site?	
	SA rating	Comments
What flood zone is the site in	0	The site is located entirely within Flood Zone 1.
Flooding of land surrounding site for access/ egress	0	There is safe access/egress from the site – land surrounding the site is in Flood Zone 1.

SA Objective	SA Objective 3: To encourage the efficient use of land through good design and layout, and minimise the use of greenfield and Green Belt land	
Decision-making criteria	Will the site make use of previously developed land/ buildings? Will the site be on Green Belt land?	
	SA rating	Comments
Previously developed land	- -	Site is greenfield land. The site is designated as Protected Open Air Sport Site, meaning it is locally protected.
Green Belt	0	The site is not on Green Belt land.

SA Objective	SA Objective 4: To meet local housing needs by ensuring that everyone has the opportunity to live in a decent affordable home	
Decision-making criteria	Will the site provide significant quantities of net new housing? Will it improve the availability of decent affordable housing?	
	SA rating	Comments
Housing provision	I	The site could provide up to 16 dwellings, depending on implementation.
Affordable housing provision	I	Depends on implementation.

SA Objective	SA Objective 5: To reduce poverty, social exclusion, and health inequalities	
Decision-making criteria	Will it improve opportunities for people in the most deprived areas?	

	SA rating	Comments
Regeneration areas	+	The site is adjacent to Barton which is one of the most deprived areas of Oxford.

SA Objective	SA Objective 6: To provide accessible essential services and facilities	
Decision-making criteria	Will it increase the provision of essential services and facilities?	
	SA rating	Comments
Community facilities	0	Site allocated for housing.

See also SA Objective 8

SA Objective	SA Objective 7: To provide adequate green and blue infrastructure, leisure and recreation opportunities and make these readily accessible for all; and to conserve and enhance Oxford's biodiversity	
Decision-making criteria	Will it increase the provision of public open space? Will it protect and enhance existing flora, fauna and habitats?	
	SA rating	Comments
Public open space	I	Depends on implementation. Site allocated for housing but land is open green space so will depend on what proportion of this space is retained.
Ecology and biodiversity	+	Contains no nature conservation designations but has potential for nature conservation interest.

SA Objective	SA objective 8: To reduce traffic and associated air pollution by improving travel choice, shortening journeys and reducing the need to travel by car/ lorry (also SA objective 1: To achieve the city's ambition to reach net zero carbon emissions by 2040)	
Decision-making criteria	Will it encourage walking cycling and use of public transport? Is the site within an Air Quality Management Area?	
	SA rating	Comments
Sustainable transport links (bus stop)	+	<400m from the nearest bus stop, Westlands Drive Shops. Services are frequent and services include the 13 City and X3 City.
Sustainable transport links (rail station)	-	>1,600m from the nearest train station.
Primary schools	+	<800m from the nearest primary school (New Marston Primary School).
Secondary schools	-	>800m from the nearest secondary school.
GP surgeries	-	>800m from the nearest GP surgery
Post office	-	>800m from the nearest post office.

Air quality	- -	An AQMA covers the whole city.
--------------------	-----	--------------------------------

SA Objective	SA Objective 9: To achieve water quality targets and manage water resources	
Decision-making criteria	Does the site contain, or is it near, a water body?	
	SA rating	Comments
Water	0	The site does not contain and is not near a body of water.

SA Objective	SA Objective 10: To promote good urban design through the protection and enhancement of the historic environment and heritage assets while respecting local character and context and promoting innovation.	
Decision-making criteria	Does the site contain any historical, or archaeological features?	
	SA rating	Comments
Archaeology	0	The site is not of archaeological interest.
Conservation Areas & Register of Parks and Gardens (RPG)	0	The site is not within a conservation area.
Listed Buildings	0	The site is not within close proximity to a listed building.
View Cones	0	The site does not lie within a view cone.
High Buildings Area	0	The site is not within the city's High Buildings Area.

SA Objective	SA Objective 11: To achieve sustainable inclusive economic growth, including the development and expansion of a diverse and knowledge-based economy and the culture/leisure/ visitor sector	
Decision-making criteria	Will it support key sectors that drive economic growth? Will it increase the quantity and quality of employment opportunities?	
	SA rating	Comments
Support the knowledge-based economy	0	No change.
Support diversification or affordable workspace	0	No change.

Other constraints which could affect suitability of site for development	
Can access for vehicles be achieved?	The site is bounded by roads including Westlands Drive, Halliday Hill and Elizabeth Place.
Can walking and cycling connections with the	The site is within the urban area with existing pedestrian and cycle connections.

surrounding area be achieved?	
Does the site include any significant physical features such as trees, rivers/streams or changes in ground level?	There are a number of trees on the site. No TPO's.
Are land contamination issues likely?	Current land use suggests that contamination issues are unlikely.
Does the site adjoin a sensitive land use? Is there an adjoining land use that may cause disturbance or environmental issues such as noise or smells?	The site adjoins a residential area therefore design sensitivity is required.

Stage 2 conclusion
<p>The key conclusions at this stage are:</p> <ul style="list-style-type: none"> • The site adjoins a residential area therefore design sensitivity is required. • The site is greenfield land. • The site has good transport links in terms of bus routes, but doesn't score well in the other categories. <p>Continue to Stage 3 assessment.</p>

Stage 3 assessment – Qualitative assessment of deliverability and consideration of potential sustainability impacts. Identification of preferred options

Is there confirmed landowner intention to develop	Yes.
Does the landowner specify types of development	Residential development for 16 dwellings.

Stage 3 conclusion
Consider further for residential development subject to suitability and deliverability.
