51.733	-1.2240	Oxford City	Oxford	19/20/2021		No	0	Yes			Unknown	The heavy rain caused both ground water and sewage flooding again last night/this morning. While it was not as serious as previously - there is toilet paper and sewage in some gardens. The street and pathways were also under sewage that rushed out of the drains - just before the school run.	No		Require information/ report from Thames Water.			453687	204095
