I object to this proposal on the following basis

- there has not been sufficient consideration of the traffic impact. There is already issues with traffic at peak times along Marsh Lane and Dunstan Road and the additional traffic this proposal would introduce would make a bad situation worse.
- increased traffic (pedestrian and on bikes) on Stoke place is a major concern, due to the nature of the bridle way which is at best single file and the road and bridleway are both in a state of disrepair.
- Parking is already an issue on stoke place and is likely to made worse for residents of stoke place
- this goes against the preservation of the Old Headington Conservation area
- this would destroy an important green area within an urban setting and slice the lungs of headington
- there are also concerns relating to drainage and the increasing amounts of water that flow down to this area that if made into housing would remove the ability to provide natural drainage

453 Do you consider that Policy SPE14 is legally compliant? If you do NOT consider policy SPE14 to be legally compliant, please give precise details for your reasons in the box below - if you wish to support the legal compliance of the policy please also use this box to set out your comments

spe14 legal compliance comments:

454 Please set out, as precisely as possible, what change(s) you consider necessary to make the policy legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above. You will need to say why the suggested change will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text.
