Policy SPE14: Ruskin Field

451 Do you consider that Policy SPE14 is sound?

No

452 If you do NOT consider policy SPE14 to be sound, please select your reasons why from the choices below. Please give precise details for your reasons in the box below - if you wish to support the soundness of the policy please also use this box to set out your comments.

policy is NOT positively prepared, policy is NOT justified, policy is NOT effective, policy is NOT consistent with national policy

spe14 comments:

Inclusion of SPE14 in the sites for which planning permission will be granted for residential development is unsound because it is contrary to Policy S1 c, f, g, h, i and j. The Friends of Old Headington, of which I am a Trustee, has set out in detail the reasons for unsoundness - I merely reiterate the reasons here:

S1 c) It is not an area with opportunities for sustainable travel links

S1 f) It would be a new use in a location, the Old Headington Conservation Area (OHCA), where it will harm the amenity of existing neighbouring uses

S1 g) It would be a new development on a greenfield location where it would have a negative impact on an important green infrastructure network

S1 h) It would not take account of local historical context and respond appropriately to the heritage significance of OHCA

S1 i) The National Planning Policy Framework (NPPF, para 20.d) requirement that strategic policies should make sufficient provision for conservation and enhancement of the natural, built and historic environment, including landscapes and green infrastructure and NPPF policy (para 202) for the protection of heritage assets such as OHCA that these assets are an irreplaceable resource, and should be conserved in a manner appropriate to their significance provide clear reasons for refusing development on this site

S1 j) The policy in the NPPF (para 11.b.ii) that any adverse impacts of granting permission would significantly and demonstrably outweigh the benefits, when assessed against the policies in the NPPF taken as a whole, applies to this site.

It should be noted that previous development attempts on Ruskin Field have all failed. The City Council ruled out development in the 1930s. A 1990s Green Belt Inspector found the land "should properly be kept permanently open to preserve the setting of the northern edge of Old Headington." In 2011-12, the Planning Inspector rejected the attempt to include Ruskin Field in the Barton Area Action Plan, finding it created "an important open setting to the tightly knit historic core of the Conservation Area that is fundamental to its intrinsic character" and that allocation for housing "would be inappropriate and unjustified, and would therefore be unsound." The northern two-thirds was rejected from the 2036 Local Plan and not allocated for development in the draft 2040 plan. The only apparent change since is the City Council's financially beneficial option agreement with Ruskin College for access via Foxwell Drive, which does not affect allocation of this site for development contravening Policy S1 f, h and i.

453 Do you consider that Policy SPE14 is legally compliant? If you do NOT consider policy SPE14 to be legally compliant, please give precise details for your reasons in the box below - if you wish to support the legal compliance of the policy please also use this box to set out your comments

spe14 legal compliance comments:

454 Please set out, as precisely as possible, what change(s) you consider necessary to make the policy legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above. You will need to say why the suggested change will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text.

suggested changes to make SPE14 sound:

The only way to make policy SPE14 sound in my view is to delete it from the list of sites for which planning permission will be granted for residential development.
