Policy G5: Delivering Onsite Ecological Enhancements

135 Do you consider that policy G5 is sound?

No

136 If you do NOT consider policy G5 to be sound, please select your reasons why from the choices below. Please give precise details for your reasons in the box below - if you wish to support the soundness of the policy please also use this box to set out your comments.

policy is NOT positively prepared, policy is NOT effective, policy is NOT consistent with national policy

g5 comments:

Appendix 4.2 is very welcome in principle but not currently sound as it's not effective due to a lack of clarity about compliance with national planning policy.

A mandatory item for Minor/ Major developments is "one bird box per dwelling... including consideration of building-dependent species". This statement is open to interpretation and unclear that integrated boxes such as swift bricks are preferred. The national planning guidance NPPG Natural Environment 2025 paragraph 017 specifically states:

"Developments should include integrated nest boxes (commonly known as swift bricks) where possible, with the general aim across a development of a minimum of one nest box per unit."

In order to make Appendix 4.2 sound, effective, and clearly consistent with national policy (swift bricks are clearly stated to be preferable to external boxes in NPPG Natural Environment 2025 paragraph 017)

Suggested modifications:

- Pot 1 Mandatory requirement - Householder/ Minor/ Major

please place the word 'bricks' first before the word 'boxes' and state 'preferred' after the word 'bricks' i.e. "at least one swift brick (preferred) or swift box".

- Pot 1 Mandatory requirement - Minor/ Major

after "building-dependent species" add "such as swift bricks (preferred) or swift boxes".

137 Do you consider that policy G5 is legally compliant? If you do NOT consider policy G5 to be legally compliant, please give precise details for your reasons in the box below - if you wish to support the legal compliance of the policy please also use this box to set out your comments.
