Subject: Leave the Horse Fields out of the Local Plan 2045

You don't often get email from [Learn why this is important](#)

Dear Planners,

I live at the corner of Meadow Lane and Church Way and want to remind you that any development at Land at Meadow Lane SPS8 (the Horse Fields) would be **unsustainable and cannot be developed in a viable fashion in accordance with local and national policy. This makes the allocation unsound, and site SPS8 should be deleted from LP 2045.**

As well as strongly suggesting that you advise our elected officials to support this request, which has the strongest backing by the Iffley, Rose Hill and Donnington communities, we also support the move by the Friends of the Fields Iffley to establish a meadow school on SPS8 to serve the many schools in the area.

Yours sincerely,

The Revd Dr William Beaver

Dear [REDACTED]

You are most kind and assiduous in trying to make the system work. Pat yourself on the back. Nevertheless, I cannot even find or access the form you have resent; however, I have had read to me the permission form about 'being happy' to wave anonymity which I do and herewith my plea to you'all to leave the Horsefield alone. Come visit it and you will see the merit of leaving it alone.

Dear Planners,

I live at the corner of Meadow Lane and Church Way and want to remind you that any development at Land at Meadow Lane SPS8 (the Horse Fields) would be unsustainable and cannot be developed in a viable fashion in accordance with local and national policy. This makes the allocation unsound, and site SPS8 should be deleted from LP 2045.

As well as suggesting that you advise our elected officials to support this request, which has the strongest backing by the Iffley, Rose Hill and Donnington communities, we also support the move by the Friends of the Fields Iffley to establish a meadow school on SPS8 to serve the many schools in the area. That would be much, much better for every one now and into the future.

Yours sincerely,
Bill Beaver

The Revd Dr William Beaver
