You don't often get email from [REDACTED] [Learn why this is important](#)

Any development of Land at Meadow Lane SPS8 (known locally as the Horse Fields) would be unsustainable and cannot be delivered in a viable fashion in accordance with local and national policy.

This development would seriously detract from the amenity value and general character of Iffley village.

I hope to be involved with the Meadow School initiative, sorely needed these days to minimise further alienation from nature of the rising generation. To this end, I am currently constructing wooden bat boxes. I have a bat detector, so I can teach schoolchildren to appreciate a life form which they are probably virtually unaware of (apart from artificially at Halloween!).
